UNPARALLELED IMPUDENCE.-The Era, the organ of one of the wings (we don't know which and care less) of the Radical party of this city, asks us to correct an error in our report of the proceedings of the Nominating Convention at Franklinton, when Headen was put forward as the pet lamb for sacrifice. We stated that a Chatham delegate, (Dr. Chapin,) said in a short speech, words to this effect: "I call the attention of my colored Republican friends to the fact that Maj. Smith voted against the bill to allow colored men equal (or civil) rights," whereupon Maj. Smith replied, "It would afford me

ple sure to repeat that vote." The Era says no such language wasfused, that we were in error, and

desires us to correct, &c.

We were present in five feet of the
Speaker's when the language of both were used, and positively understood it as we reported. Every republican in that house in our opinion understood it as we did. Johnny McDonald in a speech a few minutes after-wards said. "I am sorry that the subject of Civil Rights was referred to in the discussion between Dr. Chapin and Mr. Smith." The attack of Dr. Chapin on Billy Smith for voting against Civil Rights was the common theme of conversation, on the grounds after the adjournment of the Convention, and on the train when we came home. We published it next morning as part of our report, taken on the spot, and no one has ever said before it was incorrect. The Democratic press of the State for the past two weeks have indulged in comments on the Chapin and Smith pass," and now at this late day the Era says it is not so, and calls upon us to correct. If we were willing to oblige the Era and say we were mistaken, not a negro or the few white men in that Convention but what would know that we intentionally lied. The language was too plain and we do not believe there was a man in that black and tan concern that did not understand that Chapin intended an attack on Billy Smith because he voted in Congress against

Civil Rights. GEN. COX AND JUDGE WATTS' Position on the Commutation of deliver the Annual Commencement Address at Wake Forest College, on BLALOCK AND COLLINS' SENTENCE. In our Thursday's issue an article appeared in our local column in regard to the commutation of the death sentence of the Johnston county murderers, Collins and Blalock, in which we stated that His Excellency, the Governor, was influenced to the exercise of his elemency for several reasons therein stated. The first reason was that the Judge and Solicitor had recommende tion. In deference to these officers we feel called upon to publish the official communication in regard to the matter, that the public may see for itself the character of the recom-

mendation for commutation. The following is the letter of Gen. Cox, with the endorsement of Judge Watts:

OFFICE SOLICITOR 6TH JUDICIAL DIS. RALEIGH, May 15th, 1874.

Hon. Tod R. Caldwell, Governor, &c. SIR.—In the case of the State va Collins and Blalock, now sentenced to be hanged on the 22nd inst., I will state that while the murder was brutally executed, the parties having entered the house of the deceased at midnight disguised; and took him from the side of his sleeping and unsuspecting wife, and then and there perpetrated the deed, yet I am satisfied they went there with no in-tent to kill, the blow having been stricken with an old hoe found lying by the house. Inasmuch as there was a strong dissenting opinion in the Supreme Court in their favor, and they having wives and children who usually suffer more than themselves in the event of an execution and probably their confinement for life in the State's prison might vindicate the offended majesty of the law, I have deemed it my duty to present these

views to your consideration. Very respectfully, Your ob't servant, WM. R. Cox. The above is endorsed as follows: "I have carefully considered the written letter of Gen. Cox and en-

dorse the views therein expressed. Respectfull yours, S. W. WATTS, J. S. C."

again. Let's talk less and act more. What is the position of our Reform Commissioners on the subject? The taxagle real estate of the city has increased \$250,000 in the last twelve months, This does not include over \$500,000 worth of buildings that are now in course of erection. With this exhibit showing the growth of our city, is it not time that some steps should be taken for the protection of all the property from fire? Sure there is, and we would feel highly encouraged to hear some bold reformer 'speak out in meeting' in advocacy of water works. The city is sufficiently able to pay for it, and certainly there is no improvement that would add so much to its protection and the health of the people.

CADET GAYLE.—We are pleased to learn that our young friend Cadet Edward E. Gayle, son of the late Judson B. Gayle, of this city, is en route for his home here on a furlough from West Point. We are gratified to learn from the Portsmouth papers of the excellent stand which Raleigh Cadet took in his class at the late examination. The Portsmouth papers claim him as a Portsmouth boy. We would inform them that he was appointed to the Military Academy by Hon. S. H. Rogers from this District and that he is one of our boys. Eddie will make a pet t trim looking soldier, and will do honor and credit to his State and to the training of his excellent father. We will be glad to welcome him home again.

A man in Atlanta claims that while working in the mines in Hall county, Georgia, many years ago, he found a diamond as large as a guineaegg, and worth \$25,000,000. For long time the children played with it as a "middle man" in games of marble, and flually lost it. He did not know at the time that such pebbles were worth more than five cents a dozen. Why doesn't he buy up all the country for ten miles around and

We take the following from the Petersburg News of Friday: A brilliant marriage was solemnized at St. Paul's church yesterday evening, in the presence of a very large number of spectators. The high contracting parties were Rev. J. H. Wingfield, D. D., rector of the church and Mrs. Annie Garland. The rite was celebrated by the Rev. Mr. Marshall, rector of Christ church, Raleigh, N. C., assisted by the Rev. Mr. Glazebrook, of Brunswick, and was most impressively rendered. The altar and chancel was beautifully decorated with flowers, and the baptismal font just inside the latter was fragrant with the odor of rose buds, magnolias and evergreens, with which it was decked. Messrs. Willie Friend and D'Arcy Paul, Jr., were the ushers. Prof. Hahr presided at the organ, and, as the couples ad-vanced up the aisle, the church resounded with melody of the wedding march. After the ceremony was concluded and the party was leaving

DR. SCHENCK'S PULMONIC SYRUP, SEA WEED TONIC, AND MAPDRAKE PILLS—These medicines have undoubtedly perform'd morecures of consumption than any other remedy known to the American public. They are compounded of vegetable ingredients, and contain nothing which can be inquitous to the human constitution. Other remedies advertised as cures for consumption, probably contain opium, which is a somewhat dengerous drug in sil cases, and if taken freely by community for its tendency is to confine the morbid matter in the system, which, of course, most make a cure impossible. Schenck's Pulmonic Syrup is warranted not to contain a particle of op.um. It is composed of powerful out harmless heres, which act on the lems, liver, stomach, and blood, and thus correct all morbid secretions, and expel all the diseased in the from the body. These are the only means by which consumptions and as schenck's Pulmone. diseased in the from the body. These are the only means by which consumptionean be cured, and as schenck's Pulmonic strup, Sea Weed Tonic and Mandrake Piffs are the only medicines which operate in this way, it is obvious that they are the only genuine cure for Pulmonary Consumption. THE lovers of peace can find some consolation in the fact that the U.S. House of Representatives voted on Wednesday that it would be a great deal better to submit differences between nations to arbitration than to go to war over them.

THE members of the French Assembly are still endeavoring to form new combinations. Centre, Right Centre, Left, and Left Centre; Extremists, Bonapartists, Radicals and Orleanists, are busy as a hive of bees. MACMAHON is probably not sorry. In this weakness and division lies his strength. As long as his opponents can agree upon nothing, the Septennate exists as the only thing possible.ou. 18 ...sog d

THREE hundred and fifty women delegates, representing near ly every county in Ohio, are in convention at Springfield, to endeavor to concentrate influence against the license clause in the new Constitution of the State. Whether they are also to try to exert other political influence, is a question which they are to discuss. Politicians of both parties explain that they don't care anything about it; and meantime listen with curious and anxious interest for the result

A DESPERATE attempt was made yesterday, says the Baltimore Gazette of Friday to get the Civli Civil Rights bill from the Speaker's table. It was not possible to do this except by a two-thirds vote, which could not be obtained. Mr. BUTLER tried the sharp dodge of having the bill taken from the table and referred to the Judiciary, from which it would be reported back at once and passed by a majority. He said ambiguously that he would not claim the right to report it back at any time, Mr. BECK demanded a more specific pledge, but Mr. HOAR objected to any pledge being given that the bill would not be reported back. A compromise was offered by Mr. Poland to the effect that it should not be reported back except by a two-third vote. To this also Mr. HOAR objected, and so nothing was done with the bill.

REFERRING to the process of confiscation progressive in Southern States and cities, and wrought by thy in common with those who pay taxes, the New Orleans Times says painful and suggestive reading imaginable. The real estate of Widow the non-payment of taxes! This process of confiscation is every year bringing in a more extensive array heavy taxes demanded, and their forcibly exchanged for what to them is even less than a mess of pottage. No matter to what extremes our local administrations should be pressed financially, they should hesitate bequents. Severity may deprive peo- Carolina in August? ple of their property, but it cannot

OUR correspondent in the West ends us an account of a speech made at Morganton on Wednesday by PLATO DURHAM, Esq., the "independent" candidate for Congress in that District. We see nothing new in his speech, other than the statements already made by him that he has been badly treated by the press and the public, that he is true to the Democratic party, and that he means only good to his State and his people. We wish, for the sake of Capt. DUR-HAM himself and for the good of the party with which he claims to act, that he would find some other way of showing his fealty to his party and love for his people than by running as an independent candidate.

THE scientific world is now exercised over the comet which has been discovered hid among the stars that cluster in the heavens around the North pole. It was first discovered on the 17th of April, by Mr. Coggia. at Marseilles, and it has been since fully verified by astronomers generally. The Herald has had one of its reporters exploring the polar regions of the sky with Dr. ALEXAN-DER, at Princeton. It is agreed that the comet is rapidly approaching the earth, and will increase in size from now to the 3rd of August, when it will reach its perigee and be at least 245 times as luminous and bright as it is at present. This will make it a flaming monster in the upper deeps with a very long tail, indeed; and the sight will be one worth seeing. The Richmond Enquirer, com-

menting on the approach of this comet, says: "We have not had a respectable comet 'since the war,' and shall, therefore, be in a very happy frame of mind to enjoy the magnificent spectacle at the zenith of its glory and effulgence, especially should it herald a grand Conservative victory in North Carolina about that time.

Our Only Danger. We do not approve the course of our cotemporaries in some parts of the State, whose columns are continually filled with allusions to the MERRIMON Senatorial bolt, and denunciations of the participants. We are willing that the matter should be laid at rest, and that the Democracs who were alienated from the party then, should be received and retained in the ranks and urged to do service in the fray. We need in North Carolina during this fateful Summer the aid of every stalwart arm and clarion voice, of every honest man and Democratic ballot. But we can in all fairness demand of these gentlemen that they shall spare no efforts to heal every dissension that may appear within the ranks of the party. The troubles in some parts of the State are directly traceable to the legislative dissensions in 1872-'3, and are the natural results thereof. Let it be understood that the party will not tolerate or overlook defection. Let every one feel that, if he oppose the regular nominations of the party, fairly and openly made, he has no claims upon the white men of the State, that he has no right to the name of Democrat or Conservatives that he is an ally of the Radicals. It

is easy to say of any Convention that it was "packed," but mere assertion should not weigh a feather. Now, we must not be understood as decrying in any way the right of independent choice of candidates and untrammelled action, but the proper place to fight for your candidate is within the ranks of the party. If he is not nominated, then he is not regarded by a majority of the men who have the right to select, as the best candidate, and all should bow to that decision. Of course the great wrong of voting for independent candidates is that it is tantamount to a vote for Republicanism. Unless the independent is supported by the Radicals the vote is in favor of the Radical candidate, and if he is supported by them, it is a Republican vote. If an independent here and there should be elected by the combined vote of the Radicals and his personal friends, what is the result? A friend is placed in office at the fearful sacrifice of his party fealty, and in many instances, his self-respect. The party is disorganized and weakened. No one who voted for the candidate can ever thereafter claim the support of the party, and the Radicals have forever afterward an easy victory. To those who say that they wish to see every man elected upon his own merits and independent of party, the answer is that as long as the Radicals maintain their organization, we must oppose them with a regular the field open to a dozen candidates,

those invested with office, having nominee or fall an easy prey. Any neither interest nor taste nor sympa- other course than a nomination leaves and ensures the defeat of all. If an that tax-sale lists constitute the most independent is beaten, as is almost universally the case, he will have the satisfaction of knowing that he This and Widow That, to be sold for has injured the party and himself, and has destroyed his hopes of future promotion. If he by chance and Radical votes should be elected, the of impoverished delinquents who disorganization will be more comfind it atterly impossible to pay the plete, and his record all the more disgraceful. This is the sole danger birthright, against their consent, is we apprehend this Summer. With a united front there can be no doubt of the result. With internal dissensions in our ranks, the enemy will be successful. This is the issue, gentlemen; will you shoulder the responfore they pile up confiscating costs sibility of the election of a majority and charges against unwilling delin- of Radical Congressmen from North

force from the distressed the money which they have not.

San Francisco Judges are becoming very strict. They fine a man now just for killing a Chinaman.

A WESTERN State exchange thus delicately handles the subject of independent candidates:

"Since we have had rheumatism we have been studying the scriptures and find but one independent candidate mentioned in the Bible, and that was Zedekiah, King of Israel, who "stiffened his neck and hardened his heart." And the Lord brought upon him the King of Chaldees," who put out his eyes and carried him to Babylon. The divine writer seems to have become thoroughly disgusted with Zedekiah, so much so that he stops short off with this independent candidate, and chronicles no more concerning the Kings of Israel. Thus may it be politically with all independent candi-

THE Petersburg papers publish a correspondence between Capt. W. E. HINTON, of that city, one of the gentlemen who recently visited President GRANT for the purpose of acquainting him with the actual condition of affairs in Petersburg and the utter uselessness of sending armed troops to that city to protect the lives of Federal office holders, and Mr. W. COLDWELL, the United States Deputy Marshal who effected the arrest of the judges of elections in that city last week. Says the Deputy Mar-

"I met with no resistance in arresting the Petersburg judges of election, on Thursday last. I was not aware of the existence of any mob, or of any threats to interfere with United States property, or to interfere with United States officials in the discharge of their duty."

This shows how utterly groundless was the effort of STOWELL and PLATT to subject the people of that city to the disgrace of martial law, and is but another evidence of the base means that will be used by such men to accomplish their own hellish ends, even at the sacrifice of the peace and safety of whole communities.

MIRACULOUS ESCAPE.—The Bedford [Virginia] Star says: "A gentleman, resident of Brookneal, in Campbell county, informs us of a most miraculous escape from instant death of Mr. Whitfield Woodall and his family at the above named place During a storm, lightning struck near the dwelling of Mr. W., and in such close proximity to the family as to prostrate upon the floor the wife and several children, and badly injured Mr. W. He states that the shoes on Mr. W.'s feet were torn to pieces, and yet at last accounts no serious results were anticipated from the effects to any one of the parties injured.

A picture of great force, though it is a little discouraging, is drawn by a Georgia newspaper of the state of things in that State. Feeling that we can add nothing to it, we give it without comment: "A sorry sight it is to see a spike team, consisting of a skeleton steer and a skinky blind mule, with rope harness and a squiateyed driver, hauling a barrel of new whisky over poor roads, on a hermaphrodite wagon, into a farming district where the people are in debt and the children are forced to practice scant attire by day and hungry sleeping by night." What a photograph! And how nicely the barrel of whisky is brought out as the central object in the negative.

Prof. Tyndall exhibited his fireman's respirator at a recent meeting of the Royal Society in London. It is attached to a mask, and consists of an iron cylinder packed with cotton wool, glycerine and charcoal. ine wearer is enabled to remain in an atmosphere of smoke, which he could not otherwise breathe, for a quarter to half an hour.

Says a Portsmouth (Va.) dispatch, under date of the 18th inst. : "A young man of this city named E. R. Bennett, well known and respected, committed suicide this morning, by taking laudanum because he was disappointed in love, he having proposed marriage to the object of his affections and been rejected."

The Missouri State Woman's Suffrage Association have made an appeal to the people of Missouri for subscription to aid the women of Michigan to conduct the summer and fall campaign in that State in favor of the extension of suffrage to women. They expect to raise \$5,000.

The first death from hydrophobia has taken place in New York. It was that of a well known dog trainer, named Butler. Six weeks ago he was bitten by a small Spitz dog, while endeavoring to force him to take medicine.

A resolution has been adopted by e black and tan Convention of Edgecombe county denunciatory of he Tarboro Southerner-Enquirer. This action speaks well for the good work that has been accomplished by that sterling and fearless Democratic

journal in Edgecombe. Caldwell of the Charlotte Observer indignantly denies that he was the man that advertised through the columms of the Observer for a wife, and says, "Nice as it would be to get married, we have not yet got so low down as to deliberately ask any man for permission to starve his daugh-

Last year we opened our eyes and mouths to marvel over the immensity of the California wheat crop, and this year we are still further astounded by the information that the crop of 1874 will be more than supwards of 2,000,000 acres, 300,000 acres more than last year, and the yield is extraordinarily ine. The total crop is estimated at a minimum figure of 35,000,000 bushels, leaving 25,000,000 bushels for export-nearly twice the greatest amount that California has ever furnished for exportation, more than all the rest of the United States exported last year, and twice as much as Russia exported from her great grain districts on the Danube. Califorma's gold yield is a mere trifle compared with this golden shower

A French medical journal has made an astounding statement in reference to Mlle. Croizette, who acts the leading character in the "Sphynx" at Paris. It asserts that poisons herself every evening in the now famous dying scene. The potion she swallows is actually poisonous, and as a consequence the convulsions and spasms which follow are genuine. This is the statement, and it further tells us that immediately the drop scene falls the fair actress takes an antidote and recovers in about an hour.

The most popular mourning dresses ow, especially for widows, are made ntirely of crape. The toilette consts of a deep basque and single skirt black silk, covered in every part with crape. The basque is very high at the throat, and the sleeves very lose, and both, with the skirt, are without fold or flounces. Young girls and ladies, who do not wear the epest mourning, wear tamise suits istead of the bombazine once hought necessary.

A CABLE PROJECT FOR THE PA-CIFIC.—A scheme is on foot in California to construct a Pacific cable. Cyrus W. Field is now in San Francisco. He stated recently to a newspaper interviewer that the cost of the proposed cable would not exceed \$20,000,000, and that this amount would be forthcoming from Califorhia capitalists as soon as the project should take definite shape. He estimated that it would do a paying business within two years.

A singular circumstance was noted in a Methodist church, in Newburyport, Mass., last Sunday. The pasfor called for \$40 for a specific object, and when the collection was counted it was found that precisely that sum had been contributed.

A solitary photographer recently found his way to a mining town in Nevada, but soon after left abruptly, because he had been shot at by a miner who insisted on having his picture taken by lamp light.

Mr. Beecher recommends as a remedy for somnolency in church sitting down at home in a rocking hair about the time the second bell

ings, and taking a nap there. While Texas is sending the West roves of beef, the West is returning the compliment in the shape of fine

flocks of sheep, which, says the San Antonio Herald, are arriving from llinois in considerable numbers. The District Conference of the

Methodist Episcopal Church of New York has resolved to be satisfied with nothing less than "the absolute destruction of the liquor traffic." Among the articles contributed to

the Mill River relief fund, from Boston, was a new clothes line from a lady, labeled: "To be used in hanging the contractors of the reservoir.' A gas well, flowing 7,000 feet a day of good illuminating gas, has been

Resolutions Adopted by the State Executive Committee of the Democratic-Conservative Party -Plan of Organization.

The State Executive Committee of the Democratic-Conservative party, held in this city on April the .16th, adopted the following resolutions and plan of organization. We give our hearty endorsement to the resolutions, and hope the recommendations to discourage all manner of disorganization in our ranks will be carried out to the fullest extent. We cannot have any independent action this Summer if we would succeed:

RESOLUTIONS. Resolved, That we deeply sympathize with the people of the West in their want of railroad facilities, and oledge ourselves to use every available means to secure the early completion of their projected lines.

Resolved, That the Republican party having despoiled the State of millions of dollars heretofore appropriated for railroad purposes, is unworthy of publicconfidence, and that experience justifies the conclusion that if that party should be again entrusted with the administration of our internal improvements, its leaders would again prove recreant to their sacred trust, and would divert the publicfund to their private pur-

Resolved. That a wise policy dietates the adoption of such measures as may be necessary to increase the educational advantages of the chil-

dren of North Carolina. Resolved, That we earnestly recommend to the members of the Democratic-Conservative party to discourage independent candidates and all other disorganizers, and that all support be promptly withdrawn from every aspirant for office who shall oppose the regular nominees of our conventions.

Resolved, That we tender to the friends of Free Government our sincere congratulations at the triumph of the great principles of the Constitution as illustrated by the Democratic successes In the recent State and local elections.

PLAN OF ORGANIZATION. The following plan of organization

of the Democratic-Conservative party was adopted: 1. The Executive Committee for the State shall consist as at present appointed, and shall have all the powers heretofore conferred upon it. the Congressional and Judicial Districts shall continue as at present constituted until regularly changed.

April 17, 1874. constituted, until regularly changed, and shall have general supervision of the affairs of the party in their res-

pective districts. 3. In each county there shall be an Executive Committee composed of a Central Committee of not less than three members, and of at least one Committeeman from each township, This Committee shall, under direction of the County Convention, have entire control of county matters. It shall be their duty to see that all the details of the canvass are properly conducted; that the polls are attended by competent challengers, that loubled. The area in cultivation each Conservative casts his ballot, and that no fraud is perpetrated at the election. They are particularly enjoined to take the necessary steps for the efficient organization of townships, and to seek by a wise administration to promote harmony and to

inspire confidence. 4. All Executive Committees are properly chosen by the Conventions held for the respective territorial di-visions; but if for any cause there should be a failure by the proper Convention to appoint an Executive Committee, then the State Executive Committee may supply the deficien-

5. Nominations for County offi cers and members of the General Assembly shall be made by County Conventions; for Town and Town ship officers, by town and township conventions; for members of Congress and Judicial officers by the District Conventions.

6. All Conventions shall be open. and due notice of the time and place of convening the same shall be given. The resignation of Col. Walter Clark, as a member of the Executive Committee on account of his removal from Halifax, was read and accepted, and Dr. H. E. T. Manning, of Weldon, was appointed to fill the vacan-cy, after which the following resolution was adopted:

is special says a debate on giving the government the power to nominate Mayors will take place to-day as the legitimists have promised to support the government. The latter may have a small majority when the measure comes to a vote.

Lucien Brun informed the Committee of thirty yesterday that the legitimists intended to again introduce in the Assembly a motion in favor of the restoration of a monar-

Congressional.

WASHINGTON, June 20-Senate .-The Speaker last night sent to the Clerk's desk, and had read, a letter from the Commissioner of Pensions stating that the passage of the bill would add 32,221 soldiers to the pension rolls and 16,000 widows, and the total amount required to pay them would be \$15,091,584. In the postoffice appropriation the

main disagreement was in regard to the postage on newspapers. House insisting that one and a half cent per pound was enough, while the Senate had fixed the rate at 4 cents per pound.

Trials of au Aeronaut. ALLENTOWN, PA., June 20.-Yes-

terday Prof. Pierce, of Philadelphia, attempted a balloon ascension on the trapize bar from the Floral Fair Grounds. The lifting power being insufficient, he was dragged through trees and against houses. More gas was then supplied, and on his second attempt, he sailed above the houses for about a block. When he was descending, he struck against a dormor window, breaking his collar bone, ustaining internal ribs and injuries with threatening life.

The Bolting Radical Convention in Wilmington.

A FULL COUNTY TICKET NOMINATED.

Great Excitement and Much Enthusiasm.

Jimmy Heaton, of the "Regulars," "Puts on Airs" and is Twice Arrested.

[SPECIAL TO THE DAILY NEWS.] WILMINGTON, June 20.-The bolters Radical Convention met here today. A large crowd present. Great enthusiasm prevailed. Silas N. Martin was nominated for the Senate. Gerken, white, Banks and Lloyd, colored, for the House. Negros were nominated for Sheriff and Register of Deeds. Mann was nominated for Clerk. A full ticket was nominated. Heaton, the leader of the regulars, was arrested twice to-day. Great excitement and enthusiasm was manifested by the bolters.

Both sides claim a majority in the

Meeting of the Book Trade Associa-tion of Philadelphia,

PHILADELPHIA, June 20th.-A meeting of the Philadelphia Book Trade Association was held to-day at noon, the object of which was to enter a protest against the enactment of the reciprocity of a treaty with Canada by the Schate. Under this treaty Canadian merchants, dealing in any manufactured article, can import them from England or any other country, and after handling them, can ship them to this country duty free. A series of resolutions were adopted expressing alarm at Canada under the provisions of the treaty becoming a great centre-port for the reception of goods from all parts of the world to be legally smuggled into the United States, and stating that the treaty inaugurate free trade, and involves the necessity of collecting the entire revenue of the government by internal taxation. tions were unanimously adopted.

SYRACUSE, June 20. – Judge Wood-ruff has rendered a decision in the United States Circuit Court at Canandaigua, affirming the decision of the late Judge Hall, of the District Court, that the People's Saving Bank of this city cannot recover on notes which it discounted for the late firm of Jay Cooke & Green, amounting to about \$35,000. The decision is rendered on the ground that under its charter the said bank was prohibited from discounting notes. Several other cases of the same nature are, by this decision, virtually decided against this bank.

MISCELLANEOUS.

Dr. J. Walker's California Vinegar Bitters are a purely Vegetable preparation, made chiefly from the native herbs found on the lower ranges of the Sierra Nevada mountains of California, the medicinal properties of which are extracted therefrom without the use of Alcohol. The question is almost daily asked, "What is the cause of the unparalleled success of VINEGAR BIT-TERS?" Our answer is, that they remove the cause of disease, and the patient recovers his health. They are the great blood purifier and a life-giving principle, a perfect Reno-vator and Invigorator of the system. Never before in the history of the world has a medicine been compounded possessing the remarkable qualities of VINEGAR BITTERS in healing the sick of every disease man is heir to. They are a gentle Purgative as well as a Tonic, relieving Congestion or Inflammation of the Liver and Visceral Organs, in Bilious

The properties of Dr. Walk-er's Vinegar Bitters are Aperient, Dia-phoretic, Carminative, Nutritious, Laxative. Diuretic, Sedative, Counter-Irritant, Sudorific, Alterative, and Anti-Bilious. Tat Thousands proclaim BITTERS the most wonder-

I invigorant that ever sustained ne sinking system. No Person can take these Bitters according to directions, and remain long unwell, provided their bones are not destroyed by mineral poison or other means, and vital or-

gans wasted beyond repair. Bilious, Remittent, and In termittent Fevers, which are so prevalent in the valleys of our great rivers throughout the United States, especially those of the Mississippi, Ohio, Missouri, Illinois, Tennessee, Cumberland, Arkansas, Red, Colorado, Brazos, Rio Grande, Pearl, Alabama, Mobile, Savannah, Roanoke, James, and many others, with their vast tributaries, throughont our entire country during the Summer and Autumn, and remarka bly so during seasons of unusua heat and dryness, are invariably accompanied by extensive derangements of the stomach and liver, and other abdominal viscera. In their treatment, a purgative, exerting a powerful influence upon these various organs, is essentially necessary. There is no cathartic for the purpose equal to Dr. J. WALKER'S VINEGAR BITTERS, as they will speedily remove the dark-colored viscid matter with which the bowels are loaded, at the same time stimulating the secretions of the liver, and generally restoring the healthy func-tions of the digestive organs.

VINEGAR BITTERS. No epidemic can take hold of a system thus fore-armed. Dyspepsia or Indigestion, Headache, Pain in the Shoulders. Coughs, Tightness of the Chest, Dizziness, Sour Eructations of the Stomach, Bad Taste in the Mouth, Bilious Attacks, Palpitation of the Heart, Inflammation of the Lungs, Pain in the region of the Kidneys, and a hundred other painful symptoms, are the offsprings of Dyspepsia. One botthe will prove a better guarantee of its merits than a lengthy advertisement. Scrofula, or King's Evil, White Swellings, Ulcers, Erysipelas, Swelled Neck, Goitre, Scrofulous Inflammations, Indolent Inflammations, Mercurial affections, Old Sores, Eruptions of the Skin Sore Eyes, etc. In these, as in all other constitutional Diseases, WALKER'S VIN-EGAR BITTERS have shown their great curative powers in the most obstinate and intractable cases.

Fortify the body against dis-

ease by purifying all its fluids with

For Inflammatory and Chronic Rheumatism, Gout, Bilious, Remittent and Intermittent Fevers, Diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have no equal. Such Diseases are caused by Vitiated Blood. Mechanical Diseases.—Persons engaged in Paints and Minerals, such as Plumbers, Type-setters, Gold-beaters and

Miners, as they advance in life, are sub-ject to paralysis of the Bowels. To guard against this, take a dose of WALKER'S VINEGAR ENTITERS occasionally. For Skin Diseases, Eruptions, Tetter, Salt-Rheum, Blotches, Spots, Pimples, Pustules, Boils, Carbuncles, Ringworms, Scald-head, Sore Eyes, Erysipe-las, Itch, Scurfs, Discolorations of the Skin, Humors and Diseases of the Skin of whatever name or nature, are literally dug up and carried ont of the system in a short time by the use of these Bitters. Pin, Tape, and other Worms,

lurking in the system of so many thou-sands, are effectually destroyed and re-

moved. No system of medicine, no ver-

mifuges, no anthelminities will free the

system from worms like these Bitters. For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, these Tonie Bitters display so decided an influence that improvement is soon perceptible. Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or Sores; cleanse it when you find it ob-structed and sluggish in the veins; cleanse

it when it is foul; your feelings will tell
you when. Keep the blood pure, and the
health of the system will follow.
